CSE-3642 Software Engineering Lab	✓
CSE-3641 Software Engineering	✓
CSE-3631 Database Systems	⌚

Everything You Need

Comprehensive tools for students, advisors, and administrators to manage course registration efficiently

Real-time Conflict Detection

Automatically identify schedule conflicts and prerequisite violations before submission.

Streamlined Advisor Review

Efficient approval workflows with feedback mechanisms for better communication.

Seat Allocation & Waitlisting

Dynamic seat tracking with automated waitlist management and notifications.

Smart Notifications

Email and SMS updates for approvals, changes, and important deadlines.

Academic Planning Tools

Integrated tools to help students plan their academic journey effectively.

Real-time Availability

Live course availability updates to help you make informed decisions.

Ready to Transform Your Registration Experience?

Join thousands of students and faculty using CRAMS for seamless course registration.
